

Fatma Soliman

Backend Developer

+966582284413 ◇ f.soliman2011@gmail.com ◇ Riyadh, Saudi Arabia ◇ Open to Remote ◇ [LinkedIn](#)

SUMMARY

I am a backend software engineer with expertise in developing web applications. My primary skills include: Python, Flask web framework, SQLAlchemy ORM. I also have full-stack experience, having worked on "iDoc" project , a website that helps users book appointments with doctors. My education includes participation in the ALX Software Engineering program, where I received a scholarship. This program covered both foundational concepts of programming and backend specialization.

EXPERIENCE

Fullstack Developer

May '24 — Present

FREELANCER

Remote

- [IDOC](#)

Implemented a Booking Appointment web application to connect patients with suitable doctors, featuring a user-friendly interface .
